

## January 23rd, 2023 - Teen Advisory Agenda

**Strategic Planning** - YA Input! We will discuss as a group where we want to see the library headed in the next 5 years.

**Makerspace Input:** We will brainstorm ideas for items to include in the Makerspace room being created in the reference room. This room is geared towards adults and teens, with younger patrons welcome with a parent. Please also take the survey, either on paper or with the QR code.

**Book ordering:** what are some upcoming books that you're excited about? Or books that you wish we had more of, especially non-fiction? Also, **videogames!** What's coming out soon? Be as specific as possible.

**Events:** Ideas for February crafternoon specifics. Making **CD mosaic clay pots** was suggested to me, and we have plenty of CDs. But I need to know how exactly this works and what other supplies we need to purchase.

**Events:** Ideas for February scavenger hunt **images**. Music is our selected theme! Bands? Composers? Instruments? Notations? We need 10 images to place around the library.

**Events:** Ideas for February scavenger hunt **prizes**. Something small for the first 100 finishers!

**Displays:** what should our display theme be for **February**? Display themes can be anything! Fantasy with cool female characters, super-scary thrillers, books that disappointed you, books you'd read again and again, books with a face/dog/blue cover, easy books for the beach, etc.

**Events:** Ideas for **March** crafternoon.

### **Spread the Word!**
